Grading...

Points scored

Class Materials: (If you need help getting these please let me know)

- ★ Pencils/Red Pens
- ★ 2 inch 3 ring binder
- ★ Tab dividers

Classroom Expectations:

1. This semester in math we are going to be moving through standards at a fast pace. My expectations from you are that you try your best, and ask for help when needed. **This is a state tested subject.**
2. Respect is important in my classroom. Be respectful to yourself and others.
3. Late work is due at the end of a unit. If you cannot complete late work in a timely manner it will result in a zero. Late work also results in 70% as the highest grade.
4. Cell phones must be put up when the bell rings. This now a state law, if a student is caught with cell phones 1st offense is warning, 2nd offense, parent contact, 3rd offense will result in office referral.

Topics:

- Quadratic Function Review
- Polynomials
- Radical Functions
- Exponential and Logarithmic Functions
- Inverse & Radical Functions / Transformations
- Geometry
- Circles
- Trigonometry
- Statistics
